HusCompagniet to construct Semi-detached houses in Stenløse

HusCompagniet has entered into an unconditional agreement with landowner and developer LRK Bolig for the development of a residential area in Stenløse and the construction of 21 one-storey Semi-detached housing units.

The turnkey contract is expected to generate revenue of DKK 45 million. Building permit for the project has been obtained, and construction is expected to commence in Q3 2026 with handover in the second half of 2027.

In addition to the construction of the 21 Semi-detached housing units, HusCompagniet will perform land development work for 10 Detached housing units in the residential area.

The order does not impact HusCompagniet's 2026 outlook.

About HusCompagniet

HusCompagniet is a leading provider of detached houses in Denmark and has a position in the market for semi-detached houses for private house owners and professional investors. The Group furthermore produces and sells prefabricated wood-framed houses in Sweden through its VårgårdaHus brand.

The Group operates an asset-light and flexible delivery model with on-site building, primarily on customer-owned land. Construction is outsourced to subcontractors, and visibility of the order book enables a flexible cost base.

HusCompagniet has showrooms and showhouses in Denmark and Sweden. The offering includes the high-end business unit FORMIUM for exclusive detached houses, and HusOnline, a digital online sales platform. MORROW is HusCompagniet's innovative and scalable semi-detached housing concept, offering wood constructions with a climate footprint significantly below legal requirement.

HusCompagniet currently has around 350 employees dedicated to maintaining the Group's industry-leading customer satisfaction level and co-creating the homes of tomorrow – today.
